"TEDx Speaker and a registered Pharmacist, to speak at the FICA 2023 Congress"

The Fiji Institute of Chartered Accountants is pleased to announce the return of TEDx Speaker and registered Pharmacist Marty Wilson. Marty Wilson is former pharmacist who became an award-winning advertising copywriter then a full-time stand-up comedian for 8 years before becoming a best-selling author and in-demand speaker.

He is a former Australian Comic of the Year, so he balances proven scientific data with laugh out loud stories. This makes his session incredibly human and instantly relatable to a wide variety of audiences. His journey on stage began in 1997 and since then he has spoken to more than 250,000 people. Through public votes Marty won the "Green Faces" Award, Australia's premiere comedy competition within 12 months of doing stand-up. He has appeared on "The Footy Show" and was also invited to the UK to be a full-time stand-up comedian.

Marty is not new to the Institute and Congress, he once featured as a speaker for Congress 2018. Marty Wilson works with organisations that want resilient people who power through change, stress and disruption.

Marty's new post-pandemic focused material is perfectly placed as an opener for Congress 2023. He will be able to help people open their minds to be able to absorb the rest of the congress content. He is funny, energetic and people have a great time, but he is also warm and uses personal stories, so the audience really engage with him and the lessons he delivers are absorbed all the better. He will be the perfect balance of setting the right tone for our upcoming congress, with switching people's perspective from being burnt-out and demotivated, to better prepared to take on the challenges ahead than they've ever been before.

"Every year we have a variety of speakers in the Congress. These are experts in the field, who we believe have inspirational stories to share and a unique style of presentation of which Marty offers. Other than his own presentation during the day he has also been included in our evening program as well said," Tarlochan Singh FICA President
